### Optional Accessory

**800-0074-SA** Shoulder Assistant Dolly

# Shoulder Assistant Dolly

*Optimize operating room access and storage*

This durable, easy-to-use, transport dolly for the Shoulder Assistant allows operating room staff to store all the equipment for surgical extremity positioners and wheel it to the table for patient positioning.

## **Features**

- *Broad, stable, stainless steel handle and set of four caster wheels permits efficient wheeling of the Shoulder Assistant to the table for positioning*
- *The wide base resists tipping, while the rack holds all the control tubes and clamps vertically to reduce the storage footprint*
- *Wide base resists tipping*
- *Large enough for Shoulder Assistant & accessories to be stored in one place*

**#800-0074-SA** Shoulder Assistant Dolly
