Adjustable Height Armboard

Eliminates need for multiple size pads

Accommodates a wide-range of patients and their procedural needs, as well as adjusting vertically to allow the use of x-ray tops without sacrificing a level surface on the O.R. table.

Features

- To adjust armboard vertically, simply place armboard on side rail, loosen handle and raise to correct table height and tighten handle
- Simply pull finger-trigger at end of armboard and quickly move to required position. Release trigger to lock tight.
- Pad sold separately
- 6"W x 26.5"L
